### **Blitz Fundraiser** (February 28) by Grant Rice

The Kelowna Chess Club hosted a 16 player Blitz Tournament as a fundraiser for the Inter-Cultural Women's Educational Network raising \$150.00 in the process.

It was excellent fun with many good games and exceptional good manners. Thank you to players from Vernon and Penticton for dropping in and showing us your stuff. Congratulations to Niel Dendy for finishing 1st with 12/14, Daryl McIvor 11.5/14 in second and Grant Rice 8.5/12 in third.

Look for a similar tournament in the near future as a fundraiser for the UBC-O Chess Club and a Kelowna regular-rated tournament in the summer.

## **2nd Pfalz Open** (February 15-22)

Last year we reported on Leon Piasetski's participation in the inaugural Pfalz Open, a nine-round Swiss held in the Rhineland region of Germany. He returned to Neustadt an der Weinstraße for this year's edition, which attracted a total of three hundred and twenty-four players. Piasetski finished with 5.0/9; the winner was European Champion Sergei Tiviakov on 7.5. Only one of Piasetski's games is available, his round two effort against 2600 GM Nidjat Mamedov of Azerbaijan; Mamedov finished in a nine-way tie for second place with 7.0/9.

## **B.C. HIGH SCHOOL COURSE**

Dear Colleagues,

I am very pleased to bring to your attention the fact that in this past week Chess is now being offered as a Board Approved and Authorized (BAA) high school course by the Ministry of Education in British Columbia. As far as I am aware, this is a "first" in Canada. To have Chess offered as a full credit high school course, on an equal with Science, Socials or Mathematics, is a significant achievement for the Canadian Chess community.

The course will be offered in SD#23 Okanagan, by high school teacher, Luke Campbell, in the 2009-10 school year. I think it is incumbent upon and in the best interest of the CFC and the Canadian Chess community to support Luke in this endeavour (in knowledge, equipment, books, publicity...etc.) as his successes may be a forerunner for similar approval in other provinces and school districts across Canada.

For further information you can contact Luke at [lcampbel@sd23.bc.ca](mailto:lcampbel@sd23.bc.ca) or you can contact me at [arnie\\_nermo@sd34.bc.ca](mailto:arnie_nermo@sd34.bc.ca)

Thank you for your interest and support,

## TOURNAMENT MEMBERSHIPS AND RATING FEES

For a number of years now participants in CFC-rated events have had the option of paying a tournament membership for that single event, rather than taking out a full annual membership. The fees for such memberships changed somewhat earlier this year in response to the new BCCF fee structure - details were published in Bulletin #157. Now the CFC governors have seen fit to pass a motion which effectively doubles the price of the tournament membership. Taking into account the CFC and BCCF components of the new tournament membership, the following fees will come into effect on **May 1, 2009**:

### For a multi-day event:

\$16 (CFC component) + \$4 (BCCF) = \$20 for an adult  
\$8 (CFC component) + \$4 (BCCF) = \$12 for a junior

### For a single-day event:

\$16 (CFC component) + \$2 (BCCF) = \$18 for an adult  
\$8 (CFC component) + \$2 (BCCF) = \$10 for a junior

Tournament directors and organizers should be aware of these changes, as should any player who normally fulfills the membership requirement for the tournaments they enter by paying such a fee.

**Rating fees** are also increasing for those that do not submit tournaments using the CFC's automated system, either via Swiss-Sys or Swiss Assistant, to \$5 per adult player or \$2.50 per junior player. The fees remain the same for events submitted using the automated system, \$3 per adult or \$.50 per junior. These fees comes into effect on **May 1, 2009**.

Instructions on using the automated system: <http://www.chess.ca/swissys.htm>

## FIDE/CFC RULE CHANGES

As reported in the last issue, FIDE is allowed to make changes to the official Laws of Chess every four years, which will happen on July 1 of this year. Most of the changes have already been voted on at last year's FIDE General Assembly at the Dresden

Olympiad, and are summarized at <http://www.chesscafe.com/text/geurt129.pdf>. We noted that consensus was not reached on one controversial proposal to change the so-called Rubinstein Rule, and a final ruling would be made at a FIDE presidential meeting. This meeting has now taken place, and we can report that this is the proposal that was accepted:

*Any player who arrives at the chessboard after the start of the session shall lose the game, unless the arbiter decides otherwise. Thus the default time is 0 minutes. The rules of the competition may specify a different time.*

The current article allows a player an hour to arrive at the chessboard from the scheduled time of the round before the player is forfeited; after **July 1** the player will have no leeway, **unless** the individual rules of the competition or the arbiter say otherwise. One imagines that many events will retain the traditional one-hour grace period, but organizers and tournament directors should make it clear in their event advertising and announcements whether they are adhering to a default time other than zero minutes, and players should make themselves aware of the default time for the particular event they are participating in.

N.B., the CFC Laws of Chess are the same as the FIDE Laws of Chess, so expect these changes to come into effect in all CFC events after July 1.

## LIONEL JOYNER IN CALIFORNIA

Joyner in play against Raymond Martin, Hollywood 1952

Lionel Joyner (1932-2001), Canadian Champion in 1961, was a resident of Port Coquitlam in the later part of his life but was born and raised in Montreal. In 1951 he

was Canada's representative in the first World Junior Championship, held in Coventry and Birmingham, England; Borislav Ivkov was the winner, and the competition also included future GMs Bent Larsen and Fridrik Olafsson. After the World Junior Joyner went to Philadelphia, where he took fourth place in the U.S.(!) Junior Championship. In those days Canadians were allowed to enter the tournament, and Frank Anderson, Ross Siemms, William Oaker and others took full advantage of the opportunities this afforded them. News reports of the event give Joyner's home town as Santa Monica - apparently his parents had recently moved to California. Joyner's name does not appear again in chess reports until early 1952, when he tied for first in the Los Angeles County Championship with Morris Gordon, both scoring 11.5 in the fifteen-player round robin. Also in the field was Jacqueline Piatigorsky (née Rothschild), who subsequently played for the U.S. Women's Olympic team but who is better known as the sponsor (along with her husband, the emigré Russian cellist Gregor Piatigorsky) of the two Piatigorsky Cup tournaments in California in 1963 and 1966.

Around this time Joyner wrote a letter to the *California Chess Reporter* indicating he was returning to Canada:

I am afraid that due to the draft and several other factors I will not be staying in California but will return to Canada sometime this month (March). I do not particularly like the army and being a Canadian, I cannot enlist in the Navy or Air Force, so the only alternative I have is to return to my native country. Also the choice of jobs for Canadians down here is very limited and I believe I can do better in Canada. Otherwise I would love to stay in California because of the wonderful climate and also because of the many friends I have made down here.

However, Joyner found good reason to linger awhile in California. He won the tiebreak match with Gordon handily, 3.0-1.0 (see games below); as a consequence of his recent results Joyner was invited to participate in an international round robin in Hollywood organized by Herman Steiner. His tie for fourth was a creditable result in such a field, if a little lopsided in terms of colour: Joyner scored 4.5/5 with white but only a single draw with the black pieces.

#### Hollywood 1952

	1	2	3	4	5	6	7	8	9	0	
1 Gligoric, Svetozar	*	½	1	½	1	½	1	1	1	1	7.5
2 Pomar, Arturo	½	*	½	½	1	1	1	1	½	1	7.0
3 Steiner, Herman	0	½	*	½	1	½	1	½	1	1	6.0
4 Dake, Arthur	½	½	½	*	0	½	½	1	1	½	5.0
5 Joyner, Lionel	0	0	0	1	*	½	1	1	½	1	5.0
6 Cross, Robert	½	0	½	½	½	*	½	½	½	1	4.5
7 Kashdan, Isaac	0	0	0	½	0	½	*	1	1	1	4.0
8 Pafnutieff, Vladimir	0	0	½	0	0	½	0	*	1	1	3.0
9 Martin, Raymond	0	½	0	0	½	½	0	0	*	1	2.5
10 Graf, Sonja	0	0	0	½	0	0	0	0	0	*	0.5

The games from the tournament are available in any of the standard large databases. Incidentally, Pomar included several Canadian centres in his North American tour immediately following the Hollywood event (e.g., he played an exhibition game with Bohatirchuk in Ottawa) - perhaps this was on Joyner's advice?

Joyner's last events in California were both at San Luis Obispo; he played for the South in the annual Northern California - Southern California team match (a loss on board three in the fifty-nine board event), and tied for fourth in the California Speed Championship, held on the same occasion. He finally left California in the early summer of 1952; he was willing but unable to join the Navy or Air Force and instead returned to Montreal - the U.S. military's loss was definitely our chess gain.

[Lionel Joyner]

**1.e4 e6 2.d4 d5 3.e5 c5 4.c3 Nc6 5.Nf3 Qb6 6.Be2** White's plan calls for renouncing castling and playing to hold the centre formation. **6...cxd4 7.cxd4 Nge7 8.Nc3** Already White changes his plans, never a good policy in the opening. 8.Na3 or 8.b3 is decidedly better. **8...Nf5 9.Bb5 Bb4 10.Bxc6+ bxc6 11.0-0 c5** This move is premature and throws away all Black's advantage. Before pushing the c-pawn Black should retreat his bishop to e7. **12.a3 Bxc3 13.bxc3 Ba6 14.Re1 0-0 15.a4** White attempts to seize the a3-f8 diagonal and eyes d6 as a square for his bishop. **15...Rfc8 16.Ba3 cxd4 17.cxd4 Rc3!** Black seizes his chance and tries to grab the initiative. However, this attempt would have been frustrated if White had played correctly. **18.Rb1 Qc6 19.Bc5 Rd3! 20.Qc1! Qxa4 21.Qg5!? Qd7 22.h3 Bc4 23.Nh2? White is lost because of the threat Bg6, winning the queen. **28.Rxd3 Rxd3 29.Qxf7 Qe8 30.Qc7 Qc8 31.Qf7 Qg8 32.Qc7 Rd4 33.Rb7 a5 34.Qe7 Rf4 35.g3 Rff8 36.h4 a4 37.h5 h6 38.Nf6 gxf6 39.exf6 Rf7 40.Qxf7 Qxf7 41.Rxf7 a3 42.Re7 a2 43.f7 a1Q+ 0-1**

**1.c4 e5 2.Nc3 Nc6 3.g3 Nf6** 3...Nge7, followed by g6 and Bg7 is more promising.

**19...Qa6** Now the action starts! Apparently 19...Bxe3 gives Black excellent chances because if: 1) 20.fxe3 Qxe3+! 21.Qxe3 Nxe3 22.Re1 Nxc4 wins; 2) 20.fxe3 Qxe3+ 21.Kf1 Ne4 22.Bxe4 Qxe4 and White cannot prevent Ne3!
